## Qui somme nous ?

CAROKECH est une entreprise familiale marocaine spécialisée dans la création, la fabrication et la commercialisation des carreaux de ciment faits main (artisans).

En revêtement de sol ou mural, ou même dans la création de mobilier, les carreaux de ciment sont un produit tendance inscrit dans l'air du temps. Aux propriétés écologiques et durables, ce sont aujourd'hui des produits tendance de l'architecture contemporaine. Offrant une diversité de motifs, de tons et de couleurs ils se marient parfaitement avec tous les styles d'espaces intérieurs ou extérieurs. Un Must Have dans vos maisons jardins et espaces de travail.

Le savoir-faire de CAROKECH remonte au début des années 70 avec M. Ahmed Lallaoui, qui dès son jeune âge s'est découvert une passion pour ce métier, devenant l'un des précurseur de cet artisanat au Maroc, se donnant ensuite pour ambition de perfectionner son produit et transmettre tout son savoir-faire à la nouvelle génération. Aujourd'hui c'est entre les mains de son fils M. Youssef Lallaoui que l'activité de CAROKECH se développe et s'ouvre au marché international.
